	Regulatory amendment entering into force on 1 July 2017

Information regarding significant regulatory amendment entering into force on 1 July 2017

SOLAS 1974, AS AMENDED Regulation 19 – Carriage requirements for shipborne navigational systems and equipment

Under SOLAS Chapter V Regulation 19.2.10.8 (new sub paragraph 10.8) for cargo ships, other than tankers, the electronic chart display and information system (ECDIS) is now required, it is no longer an option.

This applies to ships whose keel was laid before 1 July 2013 and are over 20000GT but less than 50000GT.

It applies to the first safety equipment survey after 1 July 2017

IMO RES. MSC.282(86) refers.
