**1. INTRODUCTION**

This Information Notice announces the adjustment of fees for safety inspection services carried out by ADOMS IID on or after 1 January 2023.

**2. SUBJECT**

**1. Revised Service Fee**

1. As of 1 January 2023, fees for safety inspection services carried out by ADOMS IID will be adjusted as follows:

Initial Safety Inspection: 1550.00 Euro  
Annual Safety Inspection: 1500.00 Euro  
Special Safety Inspection: 1750.00 Euro

2. A fee adjustment is necessary primarily due to overall costs rising globally, directly affecting the inspection's practical process but also the background administrative process. Another factor that requires adjustments to be made is the increase in legislative requirements as per IMO III, directly affecting the scope of work, including but not limited to the monitoring, follow-up and overall evaluation and reporting.
3. ADOMS will continue to offer the opportunity to reduce inspection frequencies and thus associated costs by orientating the inspection window around an overall performance of the specific vessel.
4. Lastly, the intention is to continue to increase the quality and thus the benefit for ADOMS' customers.

**3. APPLICATION**

Fees for safety inspections carried out by ADOMS IID on or after 1 January 2023 will apply in accordance with section 2.1.1 of this information notice.
